

## DGB

### HIGH PERFORMANCES TAR REMOVER BIODEGRADABLE, EMULSIFIABLE, WITHOUT VOCs

VERSION 1 - OCTOBRE 2012

[www.mecotech-performances.com](http://www.mecotech-performances.com)

#### PROPERTIES

- ◆ DGB Mecatech is a biodegradable tar remover and acts as a solvent. It quickly removes completely all bitumen and tar on all surfaces.
- ◆ Compatible with all materials: does not attack plastics, sleeves, joints, painting, hydraulic hoses...
- ◆ Emulsifiable: eases the rinsing operation.
- ◆ Formulated without VOCs (Volatile Organic Compound).
- ◆ DGB is 98% biodegradable in 28 days.
- ◆ Formulated from compounds of vegetable origin.

#### HOW TO USE

- ◆ For construction and agricultural trucks, duty vehicles and finisher.
- ◆ Use the product undiluted.
- ◆ Spray on the surfaces to be treated.
  - ◆ Let sit for several minutes depending on the thickness of the deposits to remove.
  - ◆ Brush.
  - ◆ Rinse in clean water (preferably by high pressure jet and hot water).
  - ◆ DGB can also be used mixed with water in high pressure jet cleaner.

#### PACKAGING

- ◆ Cans of 5 liters and barrels of 30 and 200 liters.
- ◆ Reference: 835005 - 835030 - 835200
